

# White Label Reseller License

Messaging | Digital Loyalty | Automated Business Voice

Consumers Are  
Demanding Better  
Communications  
From Businesses  
They Interact  
With.

# More and more businesses are realizing that effective mobile communications give them an advantage over their competitors.

95%

**Ninety-five percent** of text messages are read and responded to within 3 minutes after they're received.

68%

**Sixty-eight percent** of businesses use some form of texting today - and that's not even a structured and efficient campaign designed by a mobile marketing agency.

90%

**Ninety percent** of consumers prefer to receive text message notifications over direct phone calls.

# iVision Mobile Provides Industry Leading White Label Solutions for:

## MESSAGING / MOBILE

Send SMS or MMS messages, with a wide range of advanced features including emojis, digital coupons, personalization, automation, and many more powerful features. There is no other messaging platform with the same level of features.

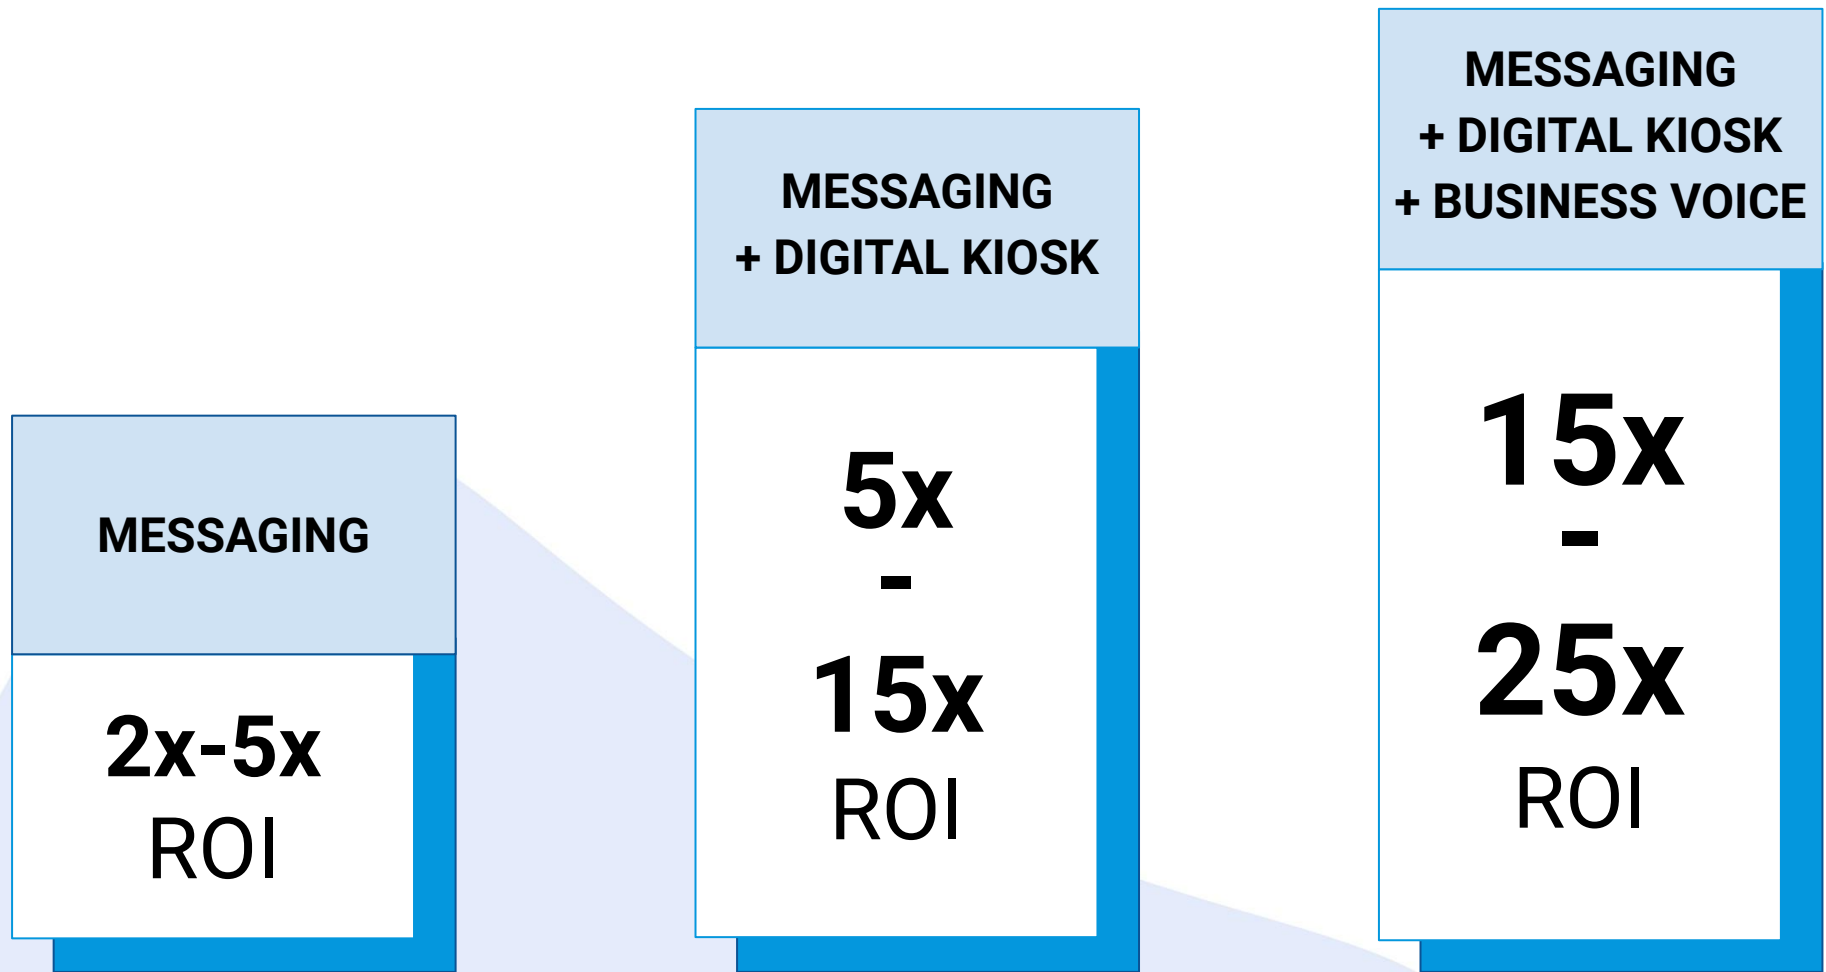

## DIGITAL LOYALTY KIOSK

The digital loyalty kiosk continues to be a pivotal solution for users who have implemented check-in or spend-based rewards programs. See how traditional mobile opt-in rates **grow exponentially by 5x - 10x** with a digital kiosk solution for your business.

## BUSINESS VOICE

**Supercharge** your business voice line, **eliminate all of your missed calls**, and reduce staffing costs. Allow staff to focus on doing their jobs and let My Phone Manager answer your customers' most important questions without tying up valuable staffing resources.

Businesses that implement all 3 of our solutions generate **more** incremental revenue and repeat business over alternative SMS marketing solutions
